Academic Activities

Workshop on Frontiers in Condensed Matter Physics

February 22 – 27, 2016

The Condensed Matter theory group in Institute of Physics, Bhubaneswar is organising a workshop on the frontier topics of quantum condensed matter physics. The main topics of this workshop include **Topological Insulator, Majorana Physics, Frustrated magnetism, Disorder physics, Mott Phenomena** etc.

This meeting, in particular, is aimed for the graduate students in India working in those topics. All the topics will be covered by the subject experts at the pedagogical level. The total number of participants would however be restricted by the size of our guest house. Institute will take care of the AC-III train fare within India and local hospitality for the participants during the week of the meeting.

For further information, please contact:
Workshop coordinators at:
condmat2016@iopb.res.in

Speakers

- Diptiman Sen (IISc, Bangalore)
- G. Baskaran (IMSc, Chennai)
- Sumathi Rao (HRI, Allahabad)
- Arnab Sen (IACS, Kolkata)
- V. B. Shenoy (IISc, Bangalore)
- Pinaki Majumdar (HRI, Allahabad)
- Anindya Das (IISc, Bangalore)
- Tanmoy Das (IISc, Bangalore)
- Sourin Das (DU, New Delhi)
- Subhro Bhattacharjee (ICTS, Bangalore)
- Suhas Gangadhariah (IISER, Bhopal)
- Prabir Pal (NPL, Delhi)
- Anamitra Mukherjee (NISER, Bhubaneswar)
- Manju Unnikrishnan (IMMT, Bhubaneswar)
- Biju Raja Sekhar (IOP, Bhubaneswar)

COMMITTEE

Arijit Saha, IOP, Bhubaneswar (Convener)
Saptarshi Mandal, IOP, Bhubaneswar
Dinesh Topwal, IOP, Bhubaneswar
Satyaprakash Sahoo, IOP, Bhubaneswar
Goutam Tripathy, IOP, Bhubaneswar
Arun M. Jayannavar, IOP, Bhubaneswar
