

Advanced String School

**Organized by: Institute of Physics,
Bhubaneswar, India**

Venue: Hotel Shree Hari, Puri

Date: 04th - 10th October, 2010

The String Theory group at the Institute of Physics, Bhubaneswar is organizing the Advanced String Theory School (third in the series) from October 4 – 10, 2010. The school will be held in the historic town of Puri. The venue is Hotel Shree Hari, a hotel right on the beach where all the speakers and the participants will be housed. The focus of the lectures will be on the most recent developments in String Theory.

This school, in particular, is for the graduate students and the postdocs in India working in String Theory. Permanent faculty members are also welcome to attend. This school is open to anyone from the international community working in String Theory as well. Institute will take care of the local hospitality during the week of the school.
